## **RATE INDEX**

### **CLASS 4 – COMMERCIAL**

- 411 - Small Commercial, Single-Phase
- 412 - Small Commercial, Single-Phase - Electric Heat
- 413 - Small Commercial, Single-Phase - Net Metering Member Generation
- 414 - Small Commercial, Single-Phase - Net Billing Member Generation
- 421 - Stockwells, Single-Phase
- 431 - Small Commercial, Three-Phase
- 432 - Small Commercial, Three-Phase - Electric Heat
- 433 - Small Commercial, Three-Phase - Net Metering Member Generation
- 434 - Small Commercial, Three-Phase - Net Billing Member Generation
- 441 - Small Commercial, Single-Phase - Bin Service
- 451 - Small Commercial, Three-Phase - Bin Service
- 461 - Schools and Churches, Single-Phase
- 462 - Schools and Churches, Single-Phase - Electric Heat
- 463 - Schools and Churches, Single-Phase - Net Metering Member Generation
- 464 - Schools and Churches, Single-Phase - Net Billing Member Generation
- 471 - Schools and Churches, Three-Phase
- 472 - Schools and Churches, Three-Phase - Electric Heat
- 473 - Schools and Churches, Three-Phase - Net Metering Member Generation
- 474 - Schools and Churches Three-Phase - Net Billing Member Generation
- 481 - Large Commercial, Three-Phase – 200-1000 kVA

## Midwest Electric Cooperative Corporation

### 2025 Rate Schedule

<b>Rate: SMALL COMMERCIAL, SINGLE-PHASE</b>			<b>Rate Number</b> <b>411</b>
<b>Rate Class:</b> 4 – Commercial	<b>Rate Cycle:</b> 411	<b>Approved:</b> December 17, 2024	<b>Page</b> 1 of 1

#### **Availability**

Service to commercial accounts and other accounts that do not fit into a different category. Maximum connected load under this rate may not exceed that which may be supplied from a one hundred sixty-seven (167) kVA distribution transformer. Subject to current conditions and safety standards established by the National Electric Safety Code, Nebraska State Electrical Division and Midwest.

#### **Type of Service**

Single-phase, sixty (60) Hertz, alternating current, at available secondary voltages.

#### **Rate**

Billed monthly

Facility Charge.....	\$ 39.50
First 500 kWh .....	\$ 0.115 per kWh
Over 500 kWh.....	\$ 0.080 per kWh

A Power Cost Adjustment may be applied to reflect changes in Midwest Electric's wholesale cost of power.

#### **Terms of Payment**

Payment is due on the 25<sup>th</sup> of the month following the period for which the bill is calculated. If the 25<sup>th</sup> falls on a weekend or holiday, the due date will be the next business day after the 25<sup>th</sup>.

A late charge of \$10 or 10%, whichever is greater, will be assessed on any account not paid on or before the due date. In addition, accounts still owing a balance at month end will be charged an additional 1.33% interest (interest is not charged on the penalty charges).

## Midwest Electric Cooperative Corporation

### 2025 Rate Schedule

<b>Rate: SMALL COMMERCIAL, SINGLE-PHASE ELECTRIC HEAT</b>			<b>Rate Number 412</b>
<b>Rate Class:</b> 4 – Commercial	<b>Rate Cycle:</b> 412	<b>Approved:</b> December 17, 2024	<b>Page</b> 1 of 1

#### **Availability**

Service to commercial accounts and other accounts that do not fit into a different category. Maximum connected load under this rate may not exceed that which may be supplied from a one hundred sixty-seven (167) kVA distribution transformer.

Must have a separately metered, permanently installed heating unit as the primary heat source for the residence. Midwest will provide the meter to record the usage by the heat source – members must pay for the cost of installing the wiring for the meter. Subject to current conditions and safety standards established by the National Electric Safety Code, Nebraska State Electrical Division and Midwest.

#### **Type of Service**

Single-phase, sixty (60) Hertz, alternating current, at available secondary voltages.

#### **Rate**

Billed monthly

Facility Charge.....	\$ 39.50
First 500 kWh .....	\$ 0.115 per kWh
Over 500 kWh.....	\$ 0.080 per kWh

A Power Cost Adjustment may be applied to reflect changes in Midwest Electric's wholesale cost of power.

#### **Electric Heat Discount**

Credited only during the months of October through April.

Credit for energy through Heat Meter ..... -\$ 0.025 per kWh

#### **Terms of Payment**

Payment is due on the 25<sup>th</sup> of the month following the period for which the bill is calculated. If the 25<sup>th</sup> falls on a weekend or holiday, the due date will be the next business day after the 25<sup>th</sup>.

A late charge of \$10 or 10%, whichever is greater, will be assessed on any account not paid on or before the due date. In addition, accounts still owing a balance at month end will be charged an additional 1.33% interest (interest is not charged on the penalty charges).

#### **Account Setup**

Electric Heat Meter will be a separate account in rate 812 with the accounts joined with a Multi-Meter setup in Meridian.

## Midwest Electric Cooperative Corporation

### 2025 Rate Schedule

<b>Rate: SMALL COMMERCIAL, SINGLE-PHASE NET METERING MEMBER GENERATION</b>			<b>Rate Number 413</b>
<b>Rate Class:</b> 4 – Commercial	<b>Rate Cycle:</b> 413	<b>Approved:</b> December 17, 2024	<b>Page</b> 1 of 1

#### **Availability**

Service to commercial accounts and other accounts that do not fit into a different category. Maximum connected load under this rate may not exceed that which may be supplied from a one hundred sixty-seven (167) kVA distribution transformer.

Available when member has a renewable generation source installed behind the meter, not to exceed 25 kW AC. Subject to current conditions and safety standards established by the National Electric Safety Code, Nebraska State Electrical Division and Midwest.

Midwest will accept service applications up to 1% of our average monthly peak system load.

#### **Type of Service**

Single-phase, sixty (60) Hertz, alternating current, at available secondary voltages.

#### **Usage Calculation**

At the end of each billing period, the energy the Member sells back to Midwest will be subtracted from the energy purchased from Midwest by the Member. If the net amount is delivered to the Member (more purchased than sold), the bill will be generated based on that net amount. If the net amount is received by Midwest (more sold than purchased), the net amount purchased will be credited back to the Member at Midwest's current wholesale cost of energy. The member is responsible for the Facility Charge regardless of the net amount.

#### **Rate**

Billed monthly

Facility Charge.....\$ 39.50  
First 500 kWh (if net is delivered).....\$ 0.115 per kWh  
Over 500 kWh (if net is delivered) .....\$ 0.080 per kWh  
All kWh (if net is received)...Credited at Midwest's wholesale cost of energy

A Power Cost Adjustment may be applied to reflect changes in Midwest Electric's wholesale cost of power.

#### **Terms of Payment**

Payment is due on the 25<sup>th</sup> of the month following the period for which the bill is calculated. If the 25<sup>th</sup> falls on a weekend or holiday, the due date will be the next business day after the 25<sup>th</sup>.

A late charge of \$10 or 10%, whichever is greater, will be assessed on any account not paid on or before the due date. In addition, accounts still owing a balance at month end will be charged an additional 1.33% interest (interest is not charged on the penalty charges).

#### **Terms of Payment**

Payment is due on the 25<sup>th</sup> of the month following the period for which the bill is calculated. If the 25<sup>th</sup> falls on a weekend or holiday, the due date will be the next business day after the 25<sup>th</sup>.

A late charge of \$10 or 10%, whichever is greater, will be assessed on any account not paid on or before the due date. In addition, accounts still owing a balance at month end will be charged an additional 1.33% interest (interest is not charged on the penalty charges).

## Midwest Electric Cooperative Corporation

### 2025 Rate Schedule

<b>Rate: SCHOOLS and CHURCHES, THREE-PHASE ELECTRIC HEAT</b>			<b>Rate Number 472</b>
<b>Rate Class:</b> 4 – Commercial	<b>Rate Cycle:</b> 472	<b>Approved:</b> December 17, 2024	<b>Page</b> 1 of 1

#### **Availability**

Service to schools and churches. Maximum connected load under this rate may not exceed that which may be supplied from a combined capacity of one hundred fifty (150) kVA distribution transformers.

Must have a separately metered, permanently installed heating unit as the primary heat source for the residence. Midwest will provide the meter to record the usage by the heat source – members must pay for the cost of installing the wiring for the meter. Subject to current conditions and safety standards established by the National Electric Safety Code, Nebraska State Electrical Division and Midwest.

#### **Type of Service**

Three-phase, sixty (60) Hertz, alternating current, at available secondary voltages.

#### **Rate**

Billed monthly

Facility Charge.....	\$ 70.50
First 500 kWh .....	\$ 0.142 per kWh
Over 500 kWh.....	\$ 0.085 per kWh

A Power Cost Adjustment may be applied to reflect changes in Midwest Electric's wholesale cost of power.

#### **Electric Heat Discount**

Credited only during the months of October through April.

Credit for energy through Heat Meter ..... -\$ 0.025 per kWh

#### **Terms of Payment**

Payment is due on the 25<sup>th</sup> of the month following the period for which the bill is calculated. If the 25<sup>th</sup> falls on a weekend or holiday, the due date will be the next business day after the 25<sup>th</sup>.

A late charge of \$10 or 10%, whichever is greater, will be assessed on any account not paid on or before the due date. In addition, accounts still owing a balance at month end will be charged an additional 1.33% interest (interest is not charged on the penalty charges).

#### **Account Setup**

Electric Heat Meter will be a separate account in rate 872 with the accounts joined with a Multi-Meter setup in Meridian.

## Midwest Electric Cooperative Corporation

### 2025 Rate Schedule

<b>Rate: SCHOOLS and CHURCHES, THREE-PHASE NET METERING MEMBER GENERATION</b>			<b>Rate Number 473</b>
<b>Rate Class:</b> 4 – Commercial	<b>Rate Cycle:</b> 473	<b>Approved:</b> December 17, 2024	<b>Page</b> 1 of 1

#### **Availability**

Service to schools and churches. Maximum connected load under this rate may not exceed that which may be supplied from a combined capacity of one hundred fifty (150) kVA distribution transformers.

Available when member has a renewable generation source installed behind the meter, not to exceed 25 kW AC. Subject to current conditions and safety standards established by the National Electric Safety Code, Nebraska State Electrical Division and Midwest.

Midwest will accept Net Metering service applications up to 1% of our average monthly peak system load.

#### **Type of Service**

Three-phase, sixty (60) Hertz, alternating current, at available secondary voltages.

#### **Usage Calculation**

At the end of each billing period, the energy the Member sells back to Midwest will be subtracted from the energy purchased from Midwest by the Member. If the net amount is delivered to the Member (more purchased than sold), the bill will be generated based on that net amount. If the net amount is received by Midwest (more sold than purchased), the net amount purchased will be credited back to the Member at Midwest's current wholesale cost of energy. The member is responsible for the Facility Charge regardless of the net amount.

#### **Rate**

Billed monthly

Facility Charge.....\$ 70.50  
 First 500 kWh (if net is delivered).....\$ 0.142 per kWh  
 Over 500 kWh (if net is delivered) .....\$ 0.085 per kWh  
 All kWh (if net is received)...Credited at Midwest's wholesale cost of energy

A Power Cost Adjustment may be applied to reflect changes in Midwest Electric's wholesale cost of power.

#### **Terms of Payment**

Payment is due on the 25<sup>th</sup> of the month following the period for which the bill is calculated. If the 25<sup>th</sup> falls on a weekend or holiday, the due date will be the next business day after the 25<sup>th</sup>.

A late charge of \$10 or 10%, whichever is greater, will be assessed on any account not paid on or before the due date. In addition, accounts still owing a balance at month end will be charged an additional 1.33% interest (interest is not charged on the penalty charges).

### 2025 Rate Schedule

<b>Rate: SCHOOLS and CHURCHES, THREE-PHASE NET BILLING MEMBER GENERATION</b>			<b>Rate Number 474</b>
<b>Rate Class:</b> 4 – Commercial	<b>Rate Cycle:</b> 474	<b>Approved:</b> December 17, 2024	<b>Page</b> 1 of 1

#### **Availability**

Service to schools and churches. Maximum connected load under this rate may not exceed that which may be supplied from a combined capacity of one hundred fifty (150) kVA distribution transformers.

Available when member has a renewable generation source installed behind the meter, not to exceed 25 kW AC. Subject to current conditions and safety standards established by the National Electric Safety Code, Nebraska State Electrical Division and Midwest.

#### **Type of Service**

Three-phase, sixty (60) Hertz, alternating current, at available secondary voltages.

#### **Usage Calculation**

All energy delivered to the Member during the billing period will be billed at the normal Small Commercial rates. All energy received by Midwest during the billing period will be credited back to the Member at Midwest's current wholesale cost of energy.

#### **Rate**

Billed monthly

Facility Charge.....\$ 70.50  
First 500 kWh .....\$ 0.142 per kWh  
Over 500 kWh.....\$ 0.085 per kWh  
All received kWh...Credited at Midwest's wholesale cost of energy

A Power Cost Adjustment may be applied to reflect changes in Midwest Electric's wholesale cost of power.

#### **Terms of Payment**

Payment is due on the 25<sup>th</sup> of the month following the period for which the bill is calculated. If the 25<sup>th</sup> falls on a weekend or holiday, the due date will be the next business day after the 25<sup>th</sup>.

A late charge of \$10 or 10%, whichever is greater, will be assessed on any account not paid on or before the due date. In addition, accounts still owing a balance at month end will be charged an additional 1.33% interest (interest is not charged on the penalty charges).

## Midwest Electric Cooperative Corporation

### 2025 Rate Schedule

Rate: <b>LARGE COMMERCIAL, THREE-PHASE</b> <b>200-1,000 kVA</b>			Rate Number <b>481</b>
Rate Class: 4 – Commercial	Rate Cycle: 481	Approved: December 17, 2024	Page 1 of 2

#### **Availability**

Service to accounts that require a distribution transformer of more than one hundred fifty (150) kVA. Subject to current conditions and safety standards established by the National Electric Safety Code, Nebraska State Electrical Division and Midwest.

#### **Type of Service**

Three-phase, sixty (60) Hertz, alternating current, at available secondary voltages.

#### **On Peak Period**

The On Peak Period is 1:00 PM to 9:00 PM Mountain Daylight Time on Monday through Saturday. No On Peak Period on Sundays and specified holidays (New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, and Christmas Day).

#### **Billing Demand**

Monthly Billing Demand is established by the maximum kilowatt (kW) metered demand during any 15-minute period during that month. On Peak Demand is established by the maximum kW metered demand during any 15-minute period during any On Peak Period during that month.

#### **Rate**

Monthly billing

Facility Charge.....	\$ 1.250 per kVA
On Peak Demand Charge.....	\$ 16.500 per kW
First 100 kWh per kW.....	\$ 0.085 per kWh
Over 100 kWh per kW .....	\$ 0.040 per kWh

#### **Secondary Capacitor Requirement**

Secondary capacitors are required to be installed at the Member's expense to correct the power factor of the connected motor to 95%. Any account without a secondary capacitor installed will be subject to a 5% surcharge on each bill until the situation is corrected.

#### **Soft Start Requirement**

Soft Starts are required on all motors that are 150 horsepower and larger.

## Midwest Electric Cooperative Corporation

### 2025 Rate Schedule

<b>Rate: LARGE POWER, THREE-PHASE 200-1,000 kVA</b>			<b>Rate Number 481</b>
<b>Rate Class:</b> 4 – Commercial	<b>Rate Cycle:</b> 481	<b>Approved:</b> December 17, 2024	<b>Page</b> 2 of 2

#### **Emergency Situations**

Midwest reserves the right to control irrigation loads due to overloaded circuits, overloaded equipment, or equipment failure in Midwest's Service Area. Midwest will only control loads that will help maintain reliability. Midwest will alternate customers during this control time as much as possible to reduce the risk of damaging crops in the restricted area. No incentive payment will be made in these emergency situations.

#### **Terms of Payment**

Payment is due on the 25<sup>th</sup> of the month following the period for which the bill is calculated. If the 25<sup>th</sup> falls on a weekend or holiday, the due date will be the next business day after the 25<sup>th</sup>. A late charge of \$10 or 10%, whichever is greater, will be assessed on any account not paid on or before the due date.
